WISEsecure User Roles

Basic User Roles

Summary Analyst	The Summary Analyst role can view all summary dashboards. **Not** able to drill into the student list/student profile or utilize student search to access student profile. **Not** able to view the Homeless Status, Migrant Status, or Economic Disadv Status filter. Not able to view FAFSA data.
Snapshot Prep Role	This role has access to the WISEdash Snapshot dashboards only. Such access allows users to work with any snapshot dashboard in reconciling data and further allows users to drill into each dashboard and see student detail data. This access also includes access to economic data both at the summary and detail levels.

Advanced User Roles

Student Detail Analyst	The Student Detail Analyst role can view all summary dashboards, drill into the student list/student profile, utilize student search to access student profile. **Not** able to view Homeless Status information, Migrant Status Information, or Economic Indicators (Economic Disadv Status filter or Econ Disadv Code and Description on the Student Profile). Not able to view FAFSA data.
Economic Indicator Analyst	The Economic Indicator Analyst can view all summary dashboards, drill into the student list/student profile, utilize student search to access student profile, view Homeless Status information, view Migrant Status Information, view the Economic Disadv Status filter, view the Econ Disadv Code and Econ Disadv Description on the Student Profile. Not able to view FAFSA data.

Data Quality Indicators

- Data Quality Indicator (DQI) – at a glance of your data
- Points out potential issues
- 3 types of DQIs
  - **Informational** – count total or percentage
  - **Caution** – data may be questionable or in error
  - **Goal: 0** – expected total is zero, may still be correct based on student scenario
