WISEdata Conference 2022 – Detailed Schedule

Day 1: Wednesday, March 9, 2022				
Time	**Track**	**Session Topic**	**Presenter(s)**	**Description**
9:00-10:00 AM	**All Attendees**	Welcome, Opening Remarks and Keynote Speaker	Gabrielle Koontz, Tessa Schmidt, JaMarr John Johnson	Welcome: Gabrielle Koontz, Director - Customer Services, Opening Remarks: Tessa Schmidt, Assistant State Superintendent - Division for Libraries and Technology, Keynote Speaker: JaMarr John Johnson - Veteran, Digital Expert, speaker -Super-Connecting "Creating Meaningful Relationships in a Digital Age"
10:00-11:00 AM	**All Attendees**	WISE: What's New in 2022?	John Raub, Jaidaa Shafaei	This session will provide an overview of changes in WISEdata for the 2022/2023 school year. Be prepared to bring questions and enhancement ideas, as there will be time for both of these items towards the end of the presentation.
11:15 AM-12:00 PM	**Public Schools**	WISEdata 101 for Public Schools	Adam Mueller, Britt Mueller	Adam Mueller provides a bird's eye view of the WISEdata Reporting process. Included is an explanation of data flow from your SIS to DPI, an introduction to WISEdata Portal, how to review errors and warnings, and tips for reviewing data quality.
11:15 AM-12:00 PM	**Choice Schools**	WISEid 101 for Choice Schools: Start to Finish	Carrie Boe, Josh Roy	This session offers a comprehensive view of the WISEid application, including how to create new WISEids, use the Match Review process, and review WISEid Change Requests. This presentation also includes best practices and school-year timelines that are important to follow. All Choice schools are encouraged to attend.
11:15 AM-12:00 PM	**All Attendees**	School Directory 2.0 – Presenting Your LEA to the Public	Derew Osborne, Garrison Gondek	Join Derew Osborne for a guided tour through the new School Directory 2.0 application. School Directory 2.0 has been significantly updated to present key information regarding your school or district in an intuitive and innovative manner, including zip code searches and by incorporating mapping features.

WISEdata Conference 2022 – Detailed Schedule

Day 1: Wednesday, March 9, 2022				
Time	**Track**	**Session Topic**	**Presenter(s)**	**Description**
11:15 AM-12:00 PM	**Public Schools**	WISEdash Navigation - Beginner	Curtis Maples, Vinod Dhanabalan	If you are new to WISEdash, this session is for you! Here we explore the basics of WISEdash Navigation starting with the menu system and what you will find under each major topic area. We get into the use cases behind "Early Warning" vs "Snapshot" vs. "Topic" Dashboards. We continue with the use of card tools and show you how to export data, zoom to view table information, copy a dashboard link and define favorites. We explain how to drill to find a list of students and then view the full details of a particular student in a student profile. We also show how you can use WISEdash to find an individual student by name or WISEid and get a detailed history showing the student's enrollment, attendance, local and state assessment performance along with a wealth of other information. Finally, we wrap up this session by describing how you can get more information by using either the extensive "About the Data" library or log a help desk ticket.
12:00-1:00 PM - Lunch Break: 12:15-1:00 PM Keynote Speaker: Kris Langworthy, Joy: The Secret to Thriving in Turbulent Times				
1:00-2:00 PM	**All Attendees**	WISEadmin: The Swiss Army Knife of WISE Applications	John Raub, Jaidaa Shafaei	WISEadmin is an application used for multiple purposes with several different user roles. From a District Administrator acknowledging snapshot to a WISEdata Data Administrator opting into Immunization integration, the WISEadmin Portal wears many hats. This session will review the various facets of the WISEadmin Portal and how your district can best leverage its utility.

WISEdata Conference 2022 – Detailed Schedule

Day 1: Wednesday, March 9, 2022				
Time	**Track**	**Session Topic**	**Presenter(s)**	**Description**
1:00-2:00 PM	**Public Schools**	Everything Special Education: sSEPA Record Reporting and sSEPA Reporting	Jeff Perry, Nancy Fuhrman	Members of the DPI Customer Services and Special Education Teams will provide a detailed look at the sSEPA record—student Special Education Program Association. The presentation will cover the data elements included in the sSEPA, as well as the use of the export files and WISEdash for Districts to verify the special education data.
1:00-2:00 PM	**Choice Schools, Public Schools**	Graduation and Dropout: Q & A	Britt Mueller, Melissa Aro	A DPI panel will take questions from districts and Choice schools regarding Graduation, High School Completion, and Dropout data in WISEdata, WISEdash, and Report Cards. The panel will include DPI staff from the Customer Services, Data Warehouse and Decision Support, and Office of Educational Accountability teams.
1:00-2:00 PM	**Public Schools**	WISEdash Navigation – Intermediate	Curtis Maples, Vinod Dhanabalan	So, you know the basics of WISEdash navigation but want to learn more? This session is for you! Here we start with a brief overview of snapshots and how the snapshot dashboards are designed to help reconcile your data in preparation for a snapshot. We touch upon data sourcing, timing and load schedule so you know where your data comes from and when you can expect it to be updated. We further discuss the area of "Advanced Analysis" and touch upon how "Achievement Gap" and "Cohort Trends" dashboards give you a different perspective of your data. Finally, we explore school and student cohorts through "Manage Groups" and explain how you can use this feature to both filter -and disaggregate-data by a tailored group of students that you create on the fly.

WISEdata Conference 2022 – Detailed Schedule

Day 1: Wednesday, March 9, 2022

Time	Track	Session Topic	Presenter(s)	Description
2:15-3:00 PM	**Public Schools**	WISEdata: Intermediate and Advanced Users	Kari Krakow, Jeff Perry	Going "beyond the basics", this session will dive into more advanced WISEdata reporting topics—chosen by you! Jeff Perry and Kari Krakow will cover topics determined by polling the course registrants. Are there particular WISEdata validations you need help with? Is a particular data reporting subject area a little unclear? Do you need help diving into the data verification tools available in WISEdata Portal and WISEdash? This session aims to help you, in the areas where you need it most.
2:15-3:00 PM	**Public Schools**	Career Education Q & A	Jessie Sloan, Karin Smith	Districts are invited to ask questions about Career Education, Carl Perkins, CTE Roster data elements, and the Roster Work Plan.
2:15-3:00 PM	**Public Schools**	EL Data in WISEdash	Jim Lee (CESA 12), Judy Sargent (CESA 7)	Join the WISExplore team to learn about critically important data elements regarding English Learners represented in WISEdash for Districts. Discover the impact of accurate data reporting within the context of state and federal accountability for English learner academic achievement and progress to language proficiency. Presented by WISExplore team members Jim Lee (CESA 12) and Judy Sargent (CESA 7).
2:15-3:00 PM	**Choice Schools**	WISEdata for Choice Schools: Q & A	Carrie Boe, Ryne Franz	Choice schools are welcome to bring their questions during this session on all topics related to WISE reporting.
3:15-4:00 PM	**Leadership, Public Schools**	WISEdata Finance Overview	Bob Soldner, John Raub	Wisconsin is moving to the next level with school finance data. This overview session will help attendees learn about the new WISEdata Finance reporting system, which districts have begun using to report budgets and actuals this school year, as well as DPI's work to connect finance membership, public and private Choice, and WISEdata student reporting.

WISEdata Conference 2022 – Detailed Schedule

Day 1: Wednesday, March 9, 2022				
Time	**Track**	**Session Topic**	**Presenter(s)**	**Description**
3:15-4:00 PM	**Choice Schools, Leadership, Public Schools**	WISEsecure – Managing Security Roles at the LEA Level	Derew Osborne, Garrison Gondek	The Department of Public Instruction (DPI) enables all LEAs with the ability to manage security roles at the local level. Join Derew Osborne for a review of the WISEsecure features that the District Security Administrator (DSA) and Application Administrators use to provide DPI application access. Learn how access can be reviewed, added, and removed. Register email domains to ensure only authorized users can access your data. Empower your data teams with access to a set of DPI applications using Mass Delegation.
3:15-4:00 PM	**Public Schools**	Enrollment for Public Schools: Q & A	Britt Mueller, Yvette Johanson	DPI staff will take questions from districts regarding WISEdata enrollment submission and reporting, including selecting enroll and exit dates, proper submission of Count Date Receiving Services and Completed School Term, and end-of-year submission of Exit Type.

WISEdata Conference 2022 – Detailed Schedule

Day 2: Thursday, March 10, 2022				
Time	**Track**	**Session Topic**	**Presenter(s)**	**Description**
9:00-9:45 AM	**Public Schools**	EL Data in WISEdash (Repeat)	Jim Lee (CESA 12), Mary Ann Hudziak (CESA 6)	Join the WISExplore team to learn about critically important data elements regarding English Learners represented in WISEdash for Districts. Discover the impact of accurate data reporting within the context of state and federal accountability for English learner academic achievement and progress to language proficiency. Presented by WISExplore team members Jim Lee (CESA 12) and Judy Sargent (CESA 7).
9:00-9:45 AM	**Public Schools**	WISEdata 101 for New Users: Q & A	Jeff Perry, Adam Mueller	DPI Customer Service staff will take questions from new users in the districts regarding WISEdata submission, navigation, and data review.
9:00-9:45 AM	**Choice Schools**	WISEdata: Choice Student Enrollment Start to Finish	Carrie Boe, Michelle Jones	This session will provide a timeline of the WISE reporting requirements and best practices to follow throughout the school year. Prepare yourself for the upcoming demographic snapshot in the spring, end-of-year reporting, and how to prepare for the fall of the 2022-23 school year WISE reporting.
10:00-10:45 AM	**All Attendees**	Everything WISE: Self-Help Workshop	Garrison Gondek, Adam Mueller	This session covers self-help resources available for WISE applications, where to find them, and how to use them to help you navigate WISE.

WISEdata Conference 2022 – Detailed Schedule

Day 2: Thursday, March 10, 2022				
Time	**Track**	**Session Topic**	**Presenter(s)**	**Description**
10:00-10:45 AM	**Public Schools**	WISEdash Navigation - Beginner (Repeat)	Curtis Maples, Vinod Dhanabalan	If you are new to WISEdash, this session is for you! Here we explore the basics of WISEdash Navigation starting with the menu system and what you will find under each major topic area. We get into the use cases behind "Early Warning" vs "Snapshot" vs. "Topic" Dashboards. We continue with the use of card tools and show you how to export data, zoom to view table information, copy a dashboard link and define favorites. We explain how to drill to find a list of students and then view the full details of a particular student in a student profile. We also show how you can use WISEdash to find an individual student by name or WISEid and get a detailed history showing the student's enrollment, attendance, local and state assessment performance along with a wealth of other information. Finally, we wrap up this session by describing how you can get more information by using either the extensive "About the Data" library or log a help desk ticket.
10:00-10:45 AM	**Public Schools**	CTE Programs and Roster Work Plan	Jessie Sloan, Melissa Aro	The Roster Work Plan is an organization and data collection tool to assist CTEC and Data Entry Personnel to gather required data elements for Roster, Carl Perkins, and Career Education reports. This session will help districts understand the specific data elements that are represented in Dual Credit, AP, Career Pathways, Concentrators, Certified/Non-Certified, and Certificated Program Status.
11:00 AM-12:00 PM	**Public Schools**	WISEstaff: Preparing for Staff Data Final Certification	Josh Roy, Jennifer Janik	Join us for an in-depth review of what's required to complete your final certification for the 2021-2022 staff data collection by the March 22nd deadline. We'll walk through each step of the final certification checklist and review why data quality is essential. We will cover how to get the most from the Data Quality Dashboard, how each link in the Reports menu can be used, and how to investigate and resolve validation errors and warnings.

WISEdata Conference 2022 – Detailed Schedule

Day 2: Thursday, March 10, 2022				
Time	**Track**	**Session Topic**	**Presenter(s)**	**Description**
11:00 AM-12:00 PM	**All Attendees**	WISE: What's New in 2022? (Repeat)	John Raub, Jaidaa Shafaei	This session will provide an overview of changes in WISEdata for the 2022/2023 school year. Be prepared to bring questions and enhancement ideas, as there will be time for both of these items towards the end of the presentation.
11:00 AM-12:00 PM	**All Attendees**	WISEdata: Best Practices	Britt Mueller, Garrison Gondek	Data is powerful when it reaches its full potential. A high level of data quality paired with the right tools to interpret the data can make a massive impact at the LEA, state, and federal levels. The WISEdata ecosystem has a number of great tools that LEAs can leverage to ensure high data quality. Coupling these tools with a solid set of processes and practices is critical for success. During this session we will highlight key WISEdata tools as well as process best practices we have observed over the last 7 years.
12:00-1:00 PM - All Attendees - Lunch Break				
1:00-1:45 PM	**All Attendees**	WISEadmin: The Swiss Army Knife of WISE applications (Repeat)	John Raub, Jaidaa Shafaei	WISEadmin is an application used for multiple purposes with several different user roles. From a District Administrator acknowledging snapshot to a WISEdata Data Administrator opting into Immunization integration, the WISEadmin Portal wears many hats. This session will review the various facets of the WISEadmin Portal and how your district can best leverage its utility.
1:00-1:45 PM	**Public Schools**	WISEdata: Data Elements for English Learner Programs	Amy Maciolek, Yvette Johanson	Learn about data elements related to Multilingual Learners and the new changes that relate to Language Instruction Education Programs (LIEPs).
1:00-1:45 PM	**Public Schools**	WISEdata 101 for New Users: Q & A (Repeat)	Britt Mueller, Adam Mueller	DPI Customer Service staff will take questions from new users in the districts regarding WISEdata submission, navigation, and data review.

WISEdata Conference 2022 – Detailed Schedule

Day 2: Thursday, March 10, 2022				
Time	Track	Session Topic	Presenter(s)	Description
2:00-2:45 PM	Public Schools	Everything Special Education: sSEPA Record Reporting and sSEPA Reporting (Repeat)	Jeff Perry, Nancy Fuhrman	Members of the DPI Customer Services and Special Education Teams will provide a detailed look at the sSEPA record—student Special Education Program Association. The presentation will cover the data elements included in the sSEPA, as well as the use of the export files and WISEdash for Districts to verify the special education data.
2:00-2:45 PM	All Attendees	School Directory 2.0 – Presenting Your LEA to the Public (Repeat)	Derew Osborne, Garrison Gondek	Join Derew Osborne for a guided tour through the new School Directory 2.0 application. School Directory 2.0 has been significantly updated to present key information regarding your school or district in an intuitive and innovative manner, including zip code searches and by incorporating mapping features.
2:00-2:45 PM	Public Schools	NEW Reporting Criteria for Work-based Learning	Karin Smith, Jessie Sloan	The 2021-22 school year has NEW criteria for work-based learning (WBL) data. This session will provide an in-depth overview of the new reporting criteria with suggestions for how to get accurate data from your WBL Program Coordinators.
3:00-4:00 PM	Public Schools	Coursework, World Language, and CTE: Q & A	Britt Mueller, Melissa Aro	A panel will take questions from districts regarding coursework (Roster), World Language, and CTE data in WISEdata and Report Cards. The panel will include DPI staff from the Customer Services, WISEsupport, Data Warehouse and Decision Support, and Office of Educational Accountability teams.
